

▶ STARTING FOUNDATION

Your home's foundation is ready to start! Weather may have some impact on this part of the build process because of extreme temperatures, snow or rain. See below for your type of foundation:

SLAB

- Staking, dig footing
- Deliver block, plumbing inspection by city
- Fill and pour slab

BASEMENT

- Staking, dig basement
- Footings, set and pour walls
- Fill and pour floors

REMINDER:

Your official start date is based on the framing of your home. Contact your Sales Manager or Field Superintendent with questions on when you start!
